DETAILED ACTION

Claim Rejections - 35 USC § 112

1. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

2. Claims 17-19 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

Claim 17, line 1, "having the ability to measure" is unclear and an indefinite limitation.

What constitutes having "the ability"?

Claim 19 is unclear. A lot of structural components are recited but not correlated to one another. How does the imaging unit and spectrophotometric determine the thickness? This is unclear.

Claim Rejections - 35 USC § 102

3. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless --

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

Serial Number: 09/047944 Page 3

Art Unit: 3723

4.

Claims 17,18 are rejected under 35 U.S.C. 102(b) as being anticipated by Lustig et al.-5,433,651.

Lustig discloses the claimed apparatus including a measuring station (90) apart from the polisher (beneath) as broadly claimed, wherein the station has a window for receiving optic measuring means on bottom side of wafer.

Allowable Subject Matter

- 5. Claim 19 would be allowable if rewritten to overcome the rejection(s) under 35.

 U.S.C. 112 set forth in this Office action and to include all of the limitations of the base claim and any intervening claims.
- 6. Any inquiry concerning this communication or earlier communications from the examiner should be directed to E. Morgan whose telephone number is (703) 308-1743.
